

# **Conn's slated to open retail store in former Circuit City location**

**Denton Record Chronicle**

**Saturday, September 26, 2009**

Conn's will open in Denton late this year, filling a key space at the Shops of Colorado at the northeast corner of Loop 288 and Colorado Boulevard.

Conn's, a national retail chain offering appliances and consumer electronics, will occupy a 30,281-square-foot space made available when Circuit City closed last fall.

In an e-mailed news release, Ian Pierce of brokerage firm The Weitzman Group said the store is expected to open in late October or early November.

Earl Harris and Blake Shipp of The Weitzman Group handled negotiations as leasing agents for the Shops at Colorado. Conn's was represented by Jennifer Frank of The Woodmont Co.
