DOWNTOWN REINVESTMENT GRANT PROGRAM POLICY

I. GENERAL PURPOSE AND OBJECTIVES

The City of Denton's Department of Economic Development promotes Denton and its unique character through the redevelopment and revitalization of Downtown, historic preservation, community involvement, and by providing educational and technical assistance to business and property owners. With Downtown as a key focus area of Denton's economic development program, the City Council adopted the following Downtown Reinvestment Grant Program.

Applications shall be submitted on the application form attached hereto as Exhibit "A" and incorporated herein for all purposes, and are considered as they are received, and may be funded, if approved, until funds are depleted.

II. GRANT GUIDELINES

1. Facade rehabilitation grant funds are available for exterior work on building facades that immediately overlook public streets located in the Downtown area as defined by the Downtown Tax Increment Financing Reinvestment Zone Number One – Downtown (TIRZ #1), see attached map, page 5.
2. Roof and foundation work on commercial buildings in the TIRZ #1 area may also be eligible for grant funds, providing costs do not exceed 50% of the grant request.
3. Interior and Code Improvement work includes asbestos and mold abatement, fire suppression systems, and improvements required by or in accordance with the Americans with Disabilities Act, as amended.
4. No grant applications will be accepted for work that has already been started or completed, or for work that is covered by insurance.
5. Grants are awarded on a reimbursement basis once completed work has been verified by City staff as compliant with the plans proposed in the approved application. Any deviation from the approved project may result in the total or partial withdrawal of the grant. Grants are awarded as a single payment to the applicant.
6. All submitted work will be reviewed based on the Secretary of the Interior's *Standards for Rehabilitation*, as amended, and the City of Denton's Municipal Codes and Ordinances.
7. Grant applications and awards can be made in any of the reimbursable activities listed in Section III and may be combined for any single property or project. However, the maximum award amount available per property application is \$50,000.
8. The maximum available grant award is \$50,000 per application but there is no limit to the total amount of grant funds that can be awarded per property.
9. An applicant is defined as an eligible property or business owner within the TIRZ # 1 area. A single owner of multiple properties may apply for grant funds for each property owned, but may not receive more than \$50,000 per property per application.

10. If an applicant is awarded a reinvestment grant for a property, that property is not eligible for another grant for three (3) years from the date of grant approval, unless the property is sold or transferred to another owner or is occupied by a new or different business.
11. If an applicant is awarded a reinvestment grant for facade, awning or sign work and the facade, sign or awning is altered for any reason within one (1) year from construction, the applicant may be required to reimburse the City of Denton immediately for the full amount of the grant.
12. Projects will be reviewed and ranked with the following considerations in mind:

 - Project rehabilitation reflects historic accuracy
 - Project improves the capacity of water, wastewater or electric utility services
 - Projects provides improvements to health and safety
